 PANEL
DISCUSSION

16:30 Real-time financial data - does this signal the end of traditional reporting methods?

Digitalization enables real-time access to financial data - but what does this mean for traditional reporting methods? In this session, experts discuss how real-time analytics are transforming financial reporting, the opportunities and challenges they bring, and whether traditional approaches are becoming obsolete.

MONT BLANC MASTERCLASSES

 PRESENTATION

14:00 **Global e-invoicing strategies based on SAP in practice**

Electronic invoices are increasingly becoming the standard worldwide - not only for reasons of efficiency, but also due to legal requirements. In our presentation, you will learn how you can seamlessly integrate e-invoicing into your SAP system and future-proof your invoicing process. One focus will be on how the exchange of invoices with countries such as Poland, France, Spain and Germany can be optimised. With just one central API, the complex requirements of different national regulations can be easily integrated into your existing process.

We also offer you a comprehensive overview of the topic of e-invoicing in SAP: What technical and legal changes are imminent? How can you ensure that your processes are adapted in good time? Get practical tips and valuable information on how to make your invoice processing efficient, legally compliant and internationally compatible.

This presentation is aimed at anyone who wants to take the next step towards digitalised invoicing processes - practical, feasible and with an eye to the future.

MONT BLANC MASTERCLASSES

 PRESENTATION

14:30 **Navigating Sustainability -- From regulatory discourse to the implementation of end-to-end ESG reporting in practice**

Companies face the challenge of reporting non-financial information on environmental, social, and governance (ESG) issues. However, current discussions surrounding CSRD, ESRS & Co are causing uncertainty: Which regulations now apply and when? Which data is relevant? And how can implementation be managed efficiently? Navigating Sustainability is a 30-minute guide using the example of a practical implementation of ESG requirements in a dynamic regulatory environment: from data definition and collection to an audit-proof sustainability report.

15:00 Final Stop Accounting: Setting the Course for a Revolutionary Bookkeeper Training and Tackling the Skills Shortage

The skills shortage in accounting? This is not a dead end, but a wake-up call to discard outdated structures and embark on completely new paths! It's time to usher in a new era of bookkeeper training. In this presentation, we say goodbye to old habits and demonstrate how innovative programs and support from the Chamber of Commerce can eliminate the shortage of qualified professionals once and for all. Experience how training that doesn't settle for the status quo can make a decisive difference. We discuss how bold approaches and partnerships with true industry pioneers can foster a new generation of bookkeepers. Don't just be swept along—become the driving force of this fundamental change and help reshape the future of accounting in Germany!

15:15 Streamline. Elevate. Innovate. - The New Era of Expense Management

Imagine an accounting process that runs seamlessly, creates strategic freedom, and inspires with innovative solutions. In our Masterclass, **Nikolai Skatchkov, CEO of Circula**, will demonstrate how modern expense management optimizes workflows, reduces administrative burdens, and makes companies future-proof.

Together with an exciting real-world business case (details coming soon!), we'll take a behind-the-scenes look at how **Streamline, Elevate, Innovate** is put into practice—from automating manual tasks to building sustainable and intelligent AI-driven workflows.

About Circula:

Circula is the leading platform for digital expense management. From travel expenses to corporate cards, Circula automates processes, saves time, and ensures compliance. Over 2,200 companies already trust Circula to simplify financial workflows and enhance employee experience.

Join us and experience the future of expense management!
